1. [Click here to watch today's circle time video](#)

2. Choose an activity to do with your child (click on the link)

-[The Hungry Caterpillar coloring pages](#)

-[The Very Hungry Caterpillar in ASL](#)

-Create paper plate butterflies (you can also use card stock or cardboard!)

Materials: paper plate, popsicle stick, paint or markers, glue or tape.

-Move like a bug gross motor game

Write out different movements on strips of paper and put the pieces of paper in a bowl. Have you child pick a piece of paper and read together what it say, and then do the movement together.

Examples: wiggle like a caterpillar, flap like a butterfly, crawl like a spider, buzz like a bee, jump like a grasshopper, roll like a pillbug, run like a beetle, march like an ant.

Carol's Speech and Language Activities

Attached to this email are two great resources to work on speech and language skills! The first is a springtime preposition art activity. The second is a language rich printable book about a caterpillar who turns into a butterfly. Enjoy!
