2. **Choose an activity to do with your child**

-Sensory activity: give some animals a bubble bath! Use plastic animals, a tub of water, some dish soap, and a tooth brush or sponge to wash the animals.

-[Click here to work on the vocabulary of baby animals with this digital book](#)

-Animal hunt: Work on prepositions like on, under, behind, and on-top-of by hiding a stuffed or plastic animal around your house. You can give clues like, "The horse is hiding *under* something brown" or "let's look together to find the pig *next to* the table". Emphasize and repeat the preposition word, and make the game playful for a fun learning experience!
