Kindergarten readiness : Play word game at home or in the car

Introduce simple word games on a regular basis. Focus on playing games that encourage your child to listen, identify and manipulate the sounds in words. For example, start by asking questions like "What sound does the word _____ start with?" "What sound does the word _____ end with?" "What words start with the sound _____?" and "What word rhymes with _____?".

(Excerpt from [How to teach kids to read at home, 10 simple steps](#))

I SPY game

Simply pick an object and describe it by using the first letter of the object. For example, "I spy with my little eye, something that begins with the letter S." You can start by working your way through the alphabet.

Other talking games to try: **Adjective game** – Ask your child to describe a friend or family member with as many words as they can. **Rhyming words** – Start with one word such as 'cat' and ask your child for words that rhyme. (Excerpt from [5 Fun Literacy Games Your Child will Love](#))
