- "Shape Road Printables" – children learn through their body as they drive vehicles on the road shapes they engage their wrists, hands, fingers, eyes, and whole body which helps your child internalize shapes and their corners and curves so that they will be able to draw these shapes which will help them write their letters.

## Kelli's Occupational Therapy Corner

Hi CEID families,

Here are some fun messy play activities to go along with our transportation theme.

**Messy play** is extremely **important** for a child's development. It provides children with an exciting tactile and **sensory** experience that inspires their curiosity, allows them to explore the world around them and enhances their self-regulation, learning, language and creativity.
